The "W & B" Ball Bearing Mower

The "New Diamond" Ball Bearing Mower

The "W & B" Junior Ball Bearing Mower

The "New Electric" Ball Bearing Mower

OF —

"W & B" LAWN MOWERS

can be made from our factory or from any of our many Agencies.

Our stock is large and complete. Our line includes grades from our "W & B" Ball-Bearing, a strictly high-grade machine, to our "New Norka," the best low priced mower built.

All our Ball-Bearing Machines are fitted with our Special Ball-Bearing Adjustment, using but one set-screw. The best quality Steel Balls, Cups and Cones, uniformly hardened, accurately ground and dust proof.

"W & B" Mowers are well built of first-class material, are attractively finished, and sell at a price that nets the dealer a handsome profit.

Our Lawn Mower Booklet tells about the entire line. May we send it?
